

# HYDROASIA

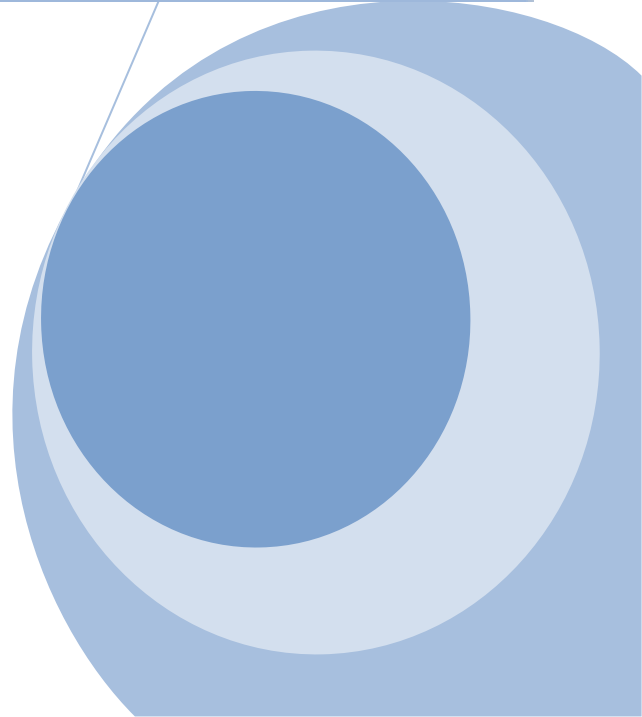

## Daily Report Day2 WorkTeam2

Supervised by Prof. NGUYEN THE HUNG

Advancement of modeling and GIS  
Theoretical comparison analysis

### Team Blue : Let's flow !

8/15/2009

**SCHEDULE**

*9:00 AM: MEETING AND BREAKFAST*

*10:00 AM: PR CHOI'S LECTURE – INTRODUCTION TO INCHEON-GYO WATERSHED*

*12:00 AM: LUNCH IN THE LECTURE HALL*

*13:30 = TEAMWORK WITH SUPERVISORS*

First of all, the different subteams, designated yesterday, have to organize themselves, to advance and complete their tasks.

Thibaut purchases the GIS work during this day.

Patrice continues to prepare slides to give an overview and a critical aspect of the Input data.

Viktor, Nanis, Don, Christophe, Takuya continues to add additional parameters in the network of the pipe by checking the compatibility of the network drawn with the real implementation.

Finally, professor Nguyen discusses with Samuel about the physical component of each software in order to offer a comparison of the methodology applied.

***18:00 = DINNER AT THE CAFETERIA IN THE GET PEARL TOWER.***

***20:00 = PARTY IN THE MICHUHOL PARK (NEXT TO THE R&D CENTER)***

**AFTER AN INTENSIVE LONG DAY OF WORK, OUR KOREAN STUDENTS INVITE US IN A PARK TO SHARE A DRINK!!!  
HILARIOUS MOMENTS COMES OUT WITH THIS EVENT!**

Keep moving to our purpose! And Smiling 😊

*화이팅~블루팀! 😊!*
