

HydroAsia 2010

Team Green

7th Daily Report

Thursday 19th August, 2010

Basics:

Time: 9am-11pm

Attendance: Jean, Sinae, Sun-ah, Thang, Yundi, Oriol, Sophie

Content:

During the last complete day of the HydroAsia the team was focused on developing the final presentation on Friday. In that part, everybody put together the parts of their own work and then all parts are combined to the big presentation. Still, however, some parameters had to be changed in the MOUSE model. So that in the end the model produced satisfactory results.

Schedule for the next day:

The schedule for the next day is to finalize the presentation and then present the team work at the grand meeting after lunch.
